

OBMC Tweaks does not collect or send any personal data to external servers. All data is stored locally on your device.

Data Collected:

- Optional username and password for auto-login (stored locally for your convenience).
- Activity status and identifiers from the OB Digital platform to show notifications.
- Internal “cheating count” to alert you about activity behavior.
- Content from the OB Digital platform pages to apply interface customizations (fonts, dark mode, anon mode, etc.).

How We Use the Data:

- Auto-login credentials are used only to fill the login form automatically.
- Activity and page data are used only to show notifications and apply interface enhancements.
- No information is sent outside your device.

Security:

All data is stored locally in your browser and never transmitted to any server.
